

## UNC Cancer Survivorship Cohort – Project Checklist

**Investigator Name:**

**Project Title:**

- Explore the UNC Cancer Survivorship Cohort website:** <https://unchealthregistry.com/index.php>
- Submit a Cohort Discovery** to find out if we have your target population and sample size:  
<https://unchealthregistry.com/hr-csc-cohort-discovery-form.php>
- Submit a Proposal for your Grant or Manuscript(s):** <https://unchealthregistry.com/hr-csc-triage.php>  

Be sure to include detailed description of timeline, main hypothesis/study questions, data needs & clear rationale before scheduling a meeting.
- Schedule time (if necessary) to meet with UNC Cancer Survivorship Cohort Director.** Bring your cohort discovery results (if applicable) and draft abstract/aims or completed publication proposal form.
- Submit an IRB application** to determine if it is required or exempt
- Complete a data and/or specimen request form.** The Data Sharing Agreement and IRB application must be in place before distribution.
- Notify** us of all submissions to journals and/or scientific meetings; including submission date, funding mechanism, meeting name, location, and journal titles. You must adhere to the Publication guidelines (available at: <https://unchealthregistry.com/manuscripts.php>) regarding co-author review, and cell suppression policies.
